

## WHITE QUOTA FROM MORGAN COUNTY ALMOST COMPLETE

### British Hit Turks Terrific Blow ABOUT 15 MEN

#### WHOLE DIVISION IS CAPTURED BY GEN. MAUDE'S MEN

After Seven Months Lull, Fighting Resumed  
in Mesopotamia

ENGLISH TROOPS ADVANCE FIFTY MILES

Another Air Raid Made Over London, Bringing  
Casualty Total to 845

(International News Service.)

Petrograd, Oct. 1.—Further successes for the Russian counter offensive in the Riga district were reported by the war office today. In the Siltal farm sector east of Riga the Russians advanced 1,000 yards.

(International News Service.)

London, Oct. 1.—Nine persons were killed and 42 injured in last night's German air raid over London and the southeastern counties, it was announced officially today.

There were only two fatalities in London. One German raiding machine of the Gotha type was shot down off Dover, it was stated.

(International News Service.)

Paris, Oct. 1.—In retaliation for the bombardment of Barle Due by the Germans, two French airplanes raided Stuttgart, the capital of the kingdom of Wuertemberg, it was officially announced today.

(International News Service.)

London, Oct. 1.—After a lull of nearly seven months on the Mesopotamian front, the British are again on the offensive against the Turks. The fighting reported in today's dispatches from that zone was regarded by military experts as the beginning of the winter and autumn campaigns. Already the British have advanced more than 50 miles in a northwesterly direction from Bagdad, the Turks falling back and surrendering in great numbers. One whole Turkish army together with its commander-in-chief, Ahmed Bey, were caught by the brilliant maneuvers of Gen. Maude, the British commander-in-chief and compelled to surrender.

This new campaign in Eastern Turkey is being conducted independently. The fighting now is in progress in the sector of Samaria, on the Bagdad railway.

Sharp fighting was reported from the western and Italian fronts, but another cessation of major scale operations seemed to have settled down. The Italians, after dislodging the Austro-Hungarians from a series of important hills, captured about 1,500 prisoners.

In West Flanders the Germans again squandered great numbers of lives in unsuccessful counter attacks against the British and French.

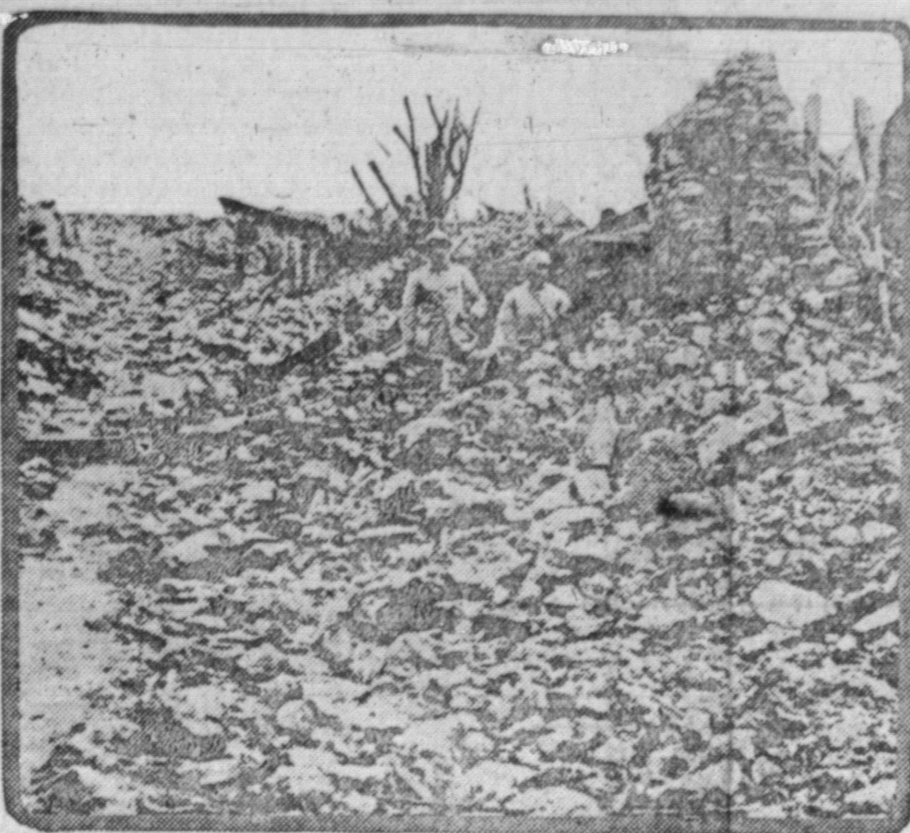

**FIFTH AIR RAID IN WEEK  
IS MADE OVER LONDON.**

(International News Service.)  
London, Oct. 1.—German air raids made over London last night, the fifth in one week, were marked by thrilling battles high in the clouds between German and British aviators.

It was unofficially reported early today that at least one and perhaps three of the German machines had been shot down. As soon as the danger signal was sounded scores of battle planes went up to attack the hostile visitors. As on Saturday night, the attackers flew in squadrons, but not all of the machines were able to get as far as London.

The eleven persons killed in the raid on Saturday night brought the (Continued on Page Two.)

RESIDENCE DISTRICT OF CRAONNE

All that was left of the residences of Craonne after the latest and severest of the bombardments to which that French town has been subjected by the Germans and the allies who fought for its possession.

#### Morgan County Boys' Tobacco Fund

J. E. Harrison, a progressive merchant of Decatur, "kicked in" today on the Morgan County Boys' Tobacco Fund. This fund is being raised by the Daily for the purpose of sending tobacco to the Morgan county boys now in camp. Every citizen in Morgan county should "kick in." The fund will be distributed through the Y. M. C. A. Send your contribution to the Daily and make checks payable to W. R. Shelton, treasurer.

The total subscribed to date follows:	
J. E. Harrison .....	\$1.00
R. H. Wolcott .....	3.00
H. R. Thompson .....	1.00
Albany-Decatur Daily .....	2.00
Cash .....	1.00
Left over from previous fund	\$13

#### Impeachment of Three Senators Demanded in New Petitions

Senate Committee Will Consider Charges Against  
LaFollette, Stone and Gronna

(International News Service.)

Washington, Oct. 1.—The senate privileges and election committee will meet Wednesday to decide what course to pursue with regard to the demand for the impeachment of Senator La Follette of Wisconsin, Senator Stone of Missouri, and Senator Gronna, of North Dakota, because of alleged disloyal utterances and obstructionist tactics.

The call for the meeting was issued this afternoon by Senator Pomereu, following receipt of many more petitions from throughout the country demanding the removal of Senator Stone and Senator Gronna, as well as Senator La Follette.

#### LIST OF THOSE CALLED TO COLORS ON OCTOBER 2

The following men have been ordered by the county exemption board to mobilize at the court house on October 2, to entrain on October 3 for Camp Pike, Ark:

Oscar Speegle, Somerville.  
John S. McElroy, Atlanta.  
John S. Coker, Birmingham.  
Edgar Kyle, Hartselle.  
Louis C. Stinson, Falkville.  
Alfred H. Eason, Boyles.  
James T. Orr, Hartselle.  
Carl J. Dreher, Albany.  
Ivy P. Weaver, Somerville.  
Wm. M. Laramore, Tennessee.

#### CONGRESS DRIVING TO ADJOURNMENT

(International News Service.)  
Washington, Oct. 1.—Congress today entered on the last lap in its race to complete the war legislative program in time to get a brief rest before beginning the long session in December.

The House took up the conference report on the \$2,700,000,000 war revenue bill, and leaders declare that despite the opposition it will be in the president's hands before the end of the week.

The senate judiciary committee renewed its efforts to untangle the soldiers' and sailors' civil rights bill from the constitutional objections which have been raised against it.

#### Unknown Vessel Rams and Sinks U. S. Coast Patrol

(International News Service.)

Washington, Oct. 1.—An American coast patrol vessel has been rammed and sunk at an American port by an unknown ship. It was announced by the navy department this afternoon. The work of raising the vessel will begin at once.

Later the navy department announced that there were no casualties. The vessel carried about 125 men. Investigation of the cause of the accident began at once.

#### LIBERTY LOAN IS OFF! THE NATION AGAIN CALLED ON TO FINANCE WAR

FIVE BILLION DOLLARS WILL BE  
RAISED IN 30 DAYS DIRECT  
FROM THE PATRIOTIC PEOPLE.

#### BOWLES HEADS LOCAL DRIVE

CHAIRMAN JUDY HAS ALREADY  
NAMED BEAT COMMITTEES FOR  
LAWRENCE COUNTY, AND OTHERS  
TO ACT SOON.

(International News Service.)

Cleveland, Oct. 1.—"Every citizen who buys a \$100 Liberty bond is making a base hit against the enemies of his country." So declared Secretary of the Treasury McAdoo here today in selling the first Liberty bond of the issue of 1917 to Tris Speaker, star out-club. The public square was thronged with thousands.

(International News Service.)

Washington, Oct. 1.—America's drive for five billion dollars and ten million subscribers to the second liberty loan is on.

Ten o'clock today, the hour set for the official opening of the treasury department deluged with bond liberty loan found the treasury department deluged with messages indicating that every liberty loan committee in the United States is hard at work. The drive started today at top-notch speed and will continue until Oct. 27 under full power. The loan is over-subscribed already in spirit, treasury officials declared.

The campaign for the sale of the five billion second Liberty Loan bonds is now on. It opened today, not only in Morgan county and Alabama, but throughout the United States. It will be pushed to a finish, and within 30 days it is expected that the American people will have again demonstrated their patriotism in the same striking manner as when the first liberty loan was over-subscribed.

In the Albany second Liberty loan district, composed of the counties of Morgan, Lawrence and Limestone, an energetic campaign for the sale of the bonds will be conducted under the leadership of T. A. Bowles, cashier of the Central National Bank, who has been appointed chairman of the district. Mr. Bowles has named as county chairmen the following: Morgan county—Clyde Hendrix, of Decatur; Lawrence county, O. L. Judy, of Moulton; Limestone county, C. E. Frost, of Athens. All of these have notified the Atlanta Federal Reserve bank of their acceptance with the exception of Mr. Frost, and his acceptance will probably be received today.

The county chairmen in turn will name beat chairmen, who will have charge of the campaign in their respective precincts. The farmers will be especially urged to share in the burden of financing the war and will no doubt be quick to do their "bit." Within the next few days it is expected that the three county chairmen will hold a conference here with Mr. Bowles, at which plans will be fully matured for floating the district's allotment of the big fund.

Judy Acts Quick.

Chairman Judy, of Lawrence county, has already sent to Mr. Bowles the names of his beat workers, as follows: Lawrence county Liberty Loan committee, O. L. Judy, chairman.

Moulton—L. B. Cropper, L. M. Bell, E. Holdt.

Mt. Hope—J. W. Smith, J. T. Howell, J. N. Jackson.

Courtland—R. E. Coburn, S. S. Pip-pin, A. F. Rehman.

Town Creek—W. H. Smith, W. J. Lee, R. N. Streeter.

Hillsboro—D. P. Woodall, C. S. Vaughn, Edgar Landers.

(Continued on Page Two.)

#### ABOUT 15 MEN NOW NEEDED TO FILL THE RANKS

These Will Be Obtained From the Three  
Hundred Now Being Examined

#### THIRD CONTINGENT GOES ON OCTOBER 3

Names of Those Whose Exemption Claim  
Were Denied Not Yet Known

The examination of 300 men for military service under the provisions of the selective draft act was begun this morning by the Morgan county exemption board. One hundred men have been called for examination today, an equal number for Tuesday and Wednesday. But few of the white men examined during the week will be included in the first call to the colors, as the county's quota is nearing completion, according to an announcement today of Jas. L. Draper, the secretary of the exemption board.

More than 300 names to be certified back to the county board by the district board—those of men whose claims for exemption have been denied—and with the number of negro soldiers to be deducted from the total of 328, the county already has provided more than 85 per cent of its white soldiers, Mr. Draper said. As nearly half the remaining 15 per cent will be negroes, it is estimated that not more than 15 white men must be obtained from the 300 under examination to fill the ranks. The others will be held in reserve to fill vacancies and those not needed for this purpose will go first when the call for the next half million men is made.

The names of the men whose claims for exemption were denied by the district board have not yet been certified to Mr. Draper, but will probably come in today. These men and others who have already been examined and accepted will be dispatched to Camp Pike, Ark., on Wednesday. Negro men accepted for service have not yet been called out.

Mr. Draper figures that 59 per cent of the men accepted from this county for military service are white and 41 per cent colored. His figures follow:

County's total first call quota, 328.  
Eighty-five per cent included in first three contingents, 278.

Fifty-nine per cent whites, 164.  
Whites already dispatched, 147.

Whites needed on Oct. 3, 17.  
These 17 men will be obtained from the names certified back and from the six men who did not answer the first call, leaving on hand about 20 white men for the last call.

The examination proceeded slowly this morning, with five physicians on the job. The number of men accepted was unusually large.

The following were accepted:  
Grover C. Vincent, Leland S. Humphrey, Herman N. Breedlove, Robin Owen, Jos. D. Baker, Wm. M. Brown, John W. Lee, Tate L. Johnston, Wm. A. Pence, Willie Pete (c), Elbert M. McCulloch.

The following were rejected:  
Wm. B. South, Erwin W. Phillips, W. C. Stephenson.

#### RAILWAY STRIKE "GOES ON"; MAY BE LONG DRAWN OUT

(International News Service.)

Chicago, Oct. 1.—With the breaking off of negotiations for the settlement of the strike of switchmen on the Elgin-Joliet and Eastern railway, preparations for a long and bitter fight are being made today by forces on both sides.

#### All Children Between 8 and 15 Must Attend School From Today

Compulsory Attendance Law Went Into Effect This  
Morning. Parents Responsible For Non-Attendance

The compulsory school attendance law is now in effect. Beginning this morning, all children between the ages of 8 and 15 years must attend school for a period fixed by the various district educational boards. Failure to comply with the law invokes severe penalties, as truant officers have been named to round-up delinquents. The punishment for violation of the statute will fall upon parents.

In Albany and Decatur truant officers have already been appointed and it will be the duties of these at the expiration of five days to ascertain the names of all children within the prescribed ages who are not in school and to take prompt action to compel their attendance. C. M. Livingston is the Albany truant officer.

It is expected that compulsory attendance will largely swell the ranks of Morgan county public schools. Many additional teachers must be provided, especially in the rural districts.

#### BAKER SAYS OUR ALLIES ARE HOT ON TRAIL ENEMY

ENTENTE FORCES TAKE THE INITIATIVE ON EVERY FIGHTING FRONT.

(International News Service.)

Washington, Oct. 1.—Complete and official information that the new British advance in the Ypres salient now threatens the German communications on the Belgian coast came to Secretary Baker today, in line with his plan of issuing a general weekly review of the situation, affecting the various military movements. It emphasizes the fact that the initiative seems to have entirely passed from the Teuton forces to the entente on all fronts. The outstanding feature of recent engagements, the secretary asserts, is the wastage of the man power of the enemy. He states that the national army and national guard movements in this country are proceeding as planned.

#### Silk Mill Superintendent Here To Begin Assembling Machinery

E. R. Wright Arrives From New York With His Family.  
Says New Building Ideal

E. R. Wright, superintendent for C. E. Rolker, who will operate the new Albany Silk Mill, the only one in the South, arrived here today. Mr. Wright brought his family and household effects with him and will make this city his future home.

The superintendent is here to begin the assembling of the machinery which has already arrived. Four carloads came in last week, three cars are en route and one additional car is

yet to be loaded. As soon as the building is ready, and it is now nearing completion, the machinery will be installed and operations begun.

Mr. Wright stated that 10 expert operatives would be brought here from New York, and these would act as instructors of the girls and women to be employed in the plant. He declared that the building was ideal, one of the best adapted to the purpose that he had ever seen.

Mr. Rolker is expected here Friday.

#### Two Street Fairs Delayed in Transit

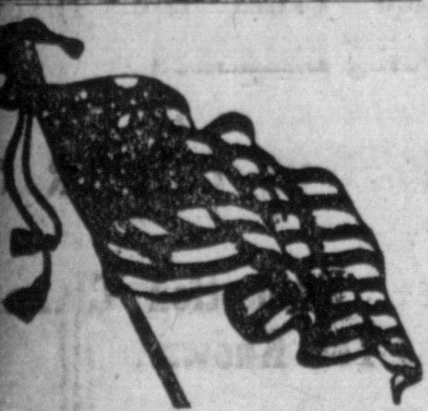

Because of the heavy troop movement south and the inability of the L. & N. railroad to handle the show trains, the Cosmopolitan Shows, originally slated to open in Albany tonight, and the carnival attractions to appear at the Limestone county fair at Athens, were delayed in transit, it was announced here today. Because of this delay the Cosmopolitan Shows will not open here until tomorrow night.

SELECTION OF MUSCLE SHOALS.  
(Tennessee and American.)

It is more than gratifying news that Muscle Shoals has been recommended as the site for the experimental nitrate plants, where at the outset our million dollars will be expended.

Government engineers have sent their report to President Wilson, and his approval of the plan is all that is necessary. This is certain, as the president will accept the verdict of the engineers, and work will begin on the immense plants at once.

The fact that this experimental plant will be located at Muscle Shoals virtually assures the location of the waterpower plant there, and which will cost \$20,000,000. This will be one of the most important undertakings of the federal government, and will be of great benefit to the country as a whole.

For the success of the campaign for the location of the plant credit is due in great measure to Col. A. M. Hook and Prof. Waldo. These men are working incessantly in the interests of the Tennessee river site, and Prof. Waldo's brief on the subject is considered a most notable work.

The Nashville Commercial Club has done a great work for the Muscle Shoals site. The members have been working in their effort to convince the government authorities that Muscle Shoals is the only place for the plant. They have succeeded, and to them the people of the city and the South are indebted. Committees have been sent to Washington and everything that could be done by the organization has been done with a vim and determination to save for this section this great enterprise.

That the experimental plant there is but the beginning of great development of the South is apparent. It is expected that when the government becomes assured of the wonderful power of the Muscle Shoals, the twenty-million powder, and nitrate plants will be located there, and probably their equally important industries.

The location of this wonderful plant in the South means that much of the war munitions will be manufactured at Muscle Shoals. It also means that after the war fertilizers will be furnished to the farmers of the South at a reasonable rate. This in itself will be a boon to the southland.

The benefits to be derived from the location of the plants on the Tennessee river are unnumbered. It will do more to really develop the South than anything else that could have been done.

The South is to be congratulated on having been selected as the section of the country for the location of such immense and important an industry.

SCHOOL NOTICE.  
The compulsory period of school attendance for the Albany public schools began today. All children whose ages are from 8 to 15 inclusive, not in school, must present themselves for enrollment at once or show cause why they are not in school. This is in compliance with the compulsory school attendance law of the state of Alabama.

Respectfully,  
R. W. COWART,  
Superintendent of Schools.

Owing to delay in train service the carnival opening has been postponed until Tuesday night. (Adv.)

## Liberty Loan is Off; the Nation

(Continued from Page One)  
Landeraville—J. H. Martin, L. M. Wear, A. T. Murphree, Hodges Store (P. O. Danville Route 2.)—D. M. Hogan, Albert Speake, J. R. Stephenson, Morris Chapel (P. O. Trinity, Route 1.)—R. F. Sewell, P. A. McCulloch, J. L. Little, Caddo (P. O. Trinity, Route 1.)—J. C. Hames, B. F. Glass, Frank Sims, Mt. Hope (P. O. Hillsboro, Route 1.)—Ernest Graham, K. J. Richardson, R. L. Coffey, Wren (P. O. Moulton, Route 5.)—M. C. Bragg, R. Dutton, A. M. Armbrister, Pin Hook (P. O. Moulton, Route 2.)—T. D. Yarborough, T. D. Sims, J. N. Aldridge, \$80,000,000 Atlanta Minimum.

Two-thirds of the loan is to be raised by the New York, Chicago, Boston and Cleveland districts. The Atlanta district, of which Alabama forms a part, has a minimum apportionment of \$80,000,000 and a maximum apportionment of \$135,000,000. The apportionment by districts follows:

District	Minimum	Expected Amount
Boston	\$300,000,000	\$500,000,000
New York	900,000,000	1,500,000,000
Philadelphia	250,000,000	415,000,000
Cleveland	300,000,000	500,000,000
Richmond	120,000,000	200,000,000
Atlanta	80,000,000	135,000,000
Chicago	420,000,000	700,000,000
St. Louis	120,000,000	200,000,000
Minneapolis	105,000,000	175,000,000
Kan. City	120,000,000	200,000,000
Dallas	75,000,000	125,000,000
San Fran.	210,000,000	250,000,000
Totals	\$3,000,000,000	\$5,000,000,000

## Morgan County Court Is In Session Today

With Judge L. P. Troup presiding, the Morgan county court convened this morning and will dispose of docket of non-capital cases. This court was created by an act of the last legislature, and takes up part of the work formerly assigned to the Morgan county law and equity court.

## Masons In Protest Against Ruling In Favor of Knights

(International News Service.)  
Atlanta, Oct. 1.—The entire Masonic order of the United States will appeal to congress against Secretary Baker's ruling that no secret order except the Knights of Columbus shall have the privilege of erecting lodge rooms at the national army cantonments. If congress fails to enact "such legislation as will forever bar a repetition of such outrageous discrimination," the Masons will appeal to the country at large and the question will become an issue in the next presidential campaign.

These facts became known today when Grand Master Frank O. Mills, of Georgia, made public to the International News Service correspondence between Masonic officials and the war department, in which Secretary Baker personally upheld the embargo against Protestant orders.

Carnival opening has been delayed until Tuesday night. Wait for it. (Adv.)

## New Treatment For Malaria Better Than Quinine and Calomel

No longer is it necessary to take head-splitting doses of bitter quinine sulphate, or drastic doses of nauseous calomel for your chills, fever or malaria. Quinotone, the wonderful new treatment, will do the work much easier, quicker and better.

Quinotone is a complete tonic treatment for all forms of malaria. It is composed of six vegetable ingredients in scientific combination with Pepsin and Iron, and contains, in mild form, certain laxative elements which make 333 Liver Tonic such a splendid medicine.

Quinotone tones up the body, enriches and purifies the blood, builds up the appetite and restores health, strength and energy to a high degree. People suffering from a general run-down condition will find it a most helpful and effective tonic. It is pleasant to take and may be used by man, woman or child.

You can buy genuine Quinotone in big 50-cent packages at Dillehay Brothers or other good drug stores. 1-It (Adv.)

## Who's Who in the World's Series

By Jack Veiock  
(International News Service.)

### DAVE DANFORTH. (White Sox Pitcher.)

Lefty Dave Danforth has been with the White Sox for two years. He graduated to the big show from the Louisville Colonels, in the American Association, where he was a whizz among the slabbers in 1915, winning a big majority of his games and establishing some strikeout records that got him a gob of publicity.

On the strength of his showing with the Colonels he was heralded as a phenom when he went up to the Sox, and although he had a world of stuff his wildness detracted from his efficiency on the mound. Last year he won five games for the Sox and lost

a like number. He was accused of using the emery ball by several American League managers, but the charge was never pressed, though along with a great many other pitchers he has been under suspicion since that time.

His work this year has been of the in-and-out variety, though he has won a big per cent of the games he has finished. Rowland's method of using two and three pitchers in many a ball game has given Danforth lots of work, and though he may not get into the world's series against the Giants, he will be ready to act as a relief pitcher, and will probably be among those Rowland will keep warmed up in the bull pen.

## LEAK ENABLES 100 BOOSTER NIGHT AT I. W. W.'S TO ESCAPE STREET CARNIVAL

(International News Service.)

Chicago, Oct. 1.—A "leak" in the federal office here through which news of the indictment of 166 I. W. W.'s became public before the indictments were returned in court and arrests made, enabled 100 I. W. W. leaders to evade arrest, federal agents declared this afternoon.

## British Hit Turks Terrific Blow

(Continued from Page One.)

total of fatalities from German air raids on British soil up to \$45. Thirty-two disastrous attacks have been made since the war began.

### WRECKED U. S. WARSHIP HAS BEEN SAFELY FLOATED

Washington, Oct. 1.—The navy department today authorized the following announcement: "The battleship of the Atlantic fleet which went ashore last week on the Atlantic coast has been re-floated."

### GERMANS ATTACK FRENCH BUT ARE HURLED BACK.

(International News Service.)  
Paris, Oct. 1.—Following a strong bombardment of the French positions on both sides of the Meuse river, Verdun front, the Germans attacked over a wide front last night, but were everywhere repulsed, the war office reported today.

(International News Service.)

London, Oct. 1.—The German submarine base at Zeebrugge, Belgium, and the German military aerodrome near Westrem were bombarded by the British on Saturday night with good results, the admiralty announced today.

### ACCEPTS POSITION WITH COOK BROS. FURNITURE CO.

Meade Vaughn, of Memphis, who has been in employ of that city for several years in the clerical department, has accepted a position with the Cook Bros. Furniture Co., and will have charge of office work with that company. Mr. and Mrs. Vaughn are expected to arrive here the latter part of the week and will be welcomed to these cities.

Owing to delay in train service the carnival opening has been postponed until Tuesday night. (Adv.)

## Official Table

This school's year closed with special exercises yesterday.

### THE HAT AS A SYMBOL.

The hat is a symbol. It symbolizes the temperament and disposition of the wearer. It is not concealed from the person, but occupies a most conspicuous place. It surmounts the dome of thought. It crowns the very image of God. It should not be worn by a dirty, greasy, dilapidated condition. Hats can be cleaned and re-blocked when badly soiled; they can also be given a bright, new finish and water-proof stiffened, and all felt, fur and velvet hats can be made over into any style or size. This work can be done by any practical hatter, but cannot be done by anyone else. The hatters' trade, which requires years to learn, has been imposed upon by many inexperienced persons who have only a vague idea, maybe none at all, about the making or renovating of hats and who unscrupulously ruin hats in trying to clean them. The Twin Cities can now boast of an exclusive hat renovating shop, the only one in North Alabama. Glover's Hat Shop at 219 Lee street, is equipped for first class hat cleaning, repairing and reblocking, and can give you as good work as can be done in any large city. Send your old soiled hats of all kinds to this shop to be cleaned and made over into the latest style. It costs but little and you will be surprised and delighted at the results. (Adv.)

Owing to delay in train service the carnival opening has been postponed until Tuesday night. (Adv.)

### TRADE EXPANSIONISTS WILL HELP OUT THE HOME GUARDS AND BALL CLUB.

Wednesday night of this week has been designated as "Booster Night" at the carnival, which opens Tuesday night at the baseball grounds, and on that particular evening the Albany trade expansionists and town builders will swoop down on the street fair to help the Home Guards and the baseball club out of their financial difficulties.

### JACQUES RETIRES FROM T. C. COFFEE COMPANY.

George E. Jacques today announced that he had retired from the T. C. Coffee Company, having disposed of his interest to T. T. Thorsen. Mr. Jacques, since engaging in business here, has won many friends who hope that he will engage in some other business and remain as a citizen.

### Probing Source of Big I. W. W. Fund

(International News Service.)  
Chicago, Oct. 1.—Government officials here were watching today keenly the actions of leaders and attorneys of the I. W. W., in the hope of learning the source of the \$500,000 which the I. W. W. leaders declare is available for the defense of William D. Haywood and other chiefs of the organization who are under indictment.

### U. S. Supreme Court Again In Session

(International News Service.)  
Washington, Oct. 1.—With a decision on the constitutionality of the selective draft laws one of the important tasks before it, the United States supreme court, in recess since June, formally re-convened today.

Carnival opening has been delayed until Tuesday night. Wait for it. (Adv.)

## Federal Troops May Quell Coal Miners

(International News Service.)  
Lexington, Ky., Oct. 1.—President  
Wilson may be appealed to today to  
send federal troops to restore order  
in the strike district of Kentucky and  
Tennessee, where four men have been  
killed and several wounded in bat-  
tles between possees and armed  
strikers.

County officials declare there is no  
prospect of a settlement and are fear-  
ful of their ability to control the sit-  
uation.

Carnival opening has been delayed  
until Tuesday night. Wait for it. (Ad.)

**THE OWL TONIC**  
Acts better than calomel or pills and does not gripe. Especially bene-  
ficial for colds, chills, fever, malaria, and aggrive. Five or six doses  
will positively stop any case of chills and if then taken as a tonic the  
fever will not return. Excellent as a tonic for that tired, aching feeling  
caused from malarial colds and aggrive—troubles so common among  
Southern people. Sold on the merits under a money-back guarantee. All  
Manufactured by OWL DRUG COMPANY, Decatur

## Hosiery Mills Opening

We expect to begin operation of the  
Decatur Hosiery Mills, about October 8,  
in the Echols building, opposite Hotel  
Hilda. We will employ only white girls  
over 16 years of age of neat appearance  
and good character. Those desiring em-  
ployment fill out application blanks, at once,  
and return them to Mayor James Nelson, or  
mail them to the Decatur Hosiery Mills. Appli-  
cation cards may be had at Mayor Nelson's Of-  
fice, Olshine's Department Store, and at the  
Mill, opposite Hilda Hotel.

## Bankston Grows The Blue Ribbon Pumpkin

It Weighed 83 Pounds and Was the  
Largest Ever Seen in County.

H. T. Bankston, of the Flint road,  
had again demonstrated the produc-  
tiveness of Morgan county soil. Not  
content with growing the biggest wat-  
ermelon and champion fruits and  
vegetables, Mr. Bankston has topped  
his year's activities with an 83-pound  
pumpkin which took the blue ribbon  
at the Morgan county fair. Mr. Banks-  
ton exhibited the pumpkin here today.  
It is the largest ever shown in the  
county. This progressive farmer also  
took the blue ribbon at the fair on  
canned peaches.

"Where did you learn how to farm,  
you seem to have the edge on the  
other farmers?" a Daily representa-  
tive asked Mr. Bankston.

"I just work, that's all," was the  
reply.

Owing to delay in train service the  
carnival opening has been postponed  
until Tuesday night. (Adv.)

## SUNDAY SCHOOL PROMOTION DAY

HELD YESTERDAY AT THE CENTRAL METHODIST CHURCH WITH SUPT. LOVIN IN CHARGE.

With little James Nicholson dressed as Uncle Sam and Julia Lovin as Columbia, as leaders, the Sunday school promotion day parade began at the Central Methodist church at 9:45 o'clock yesterday morning.

About 48 children, bearing American flags, following these leaders, marched through the aisles, finally to take their stand within the chancel rail of the church. John F. Lovin, Sunday school superintendent, welcomed these little fellows, comprising the Primary department of the school, and turned them over to Mrs. B. E. Preuit, their superintendent, who put the beginners through a series of catechism questions to prove their fitness for promotion. At the close of the exercises Mrs. Preuit gave directions as the work of the new graduates for next Sunday.

Their superintendent, Mrs. W. H. Winton, congratulated the junior students on having completed their course. In this department there were over 48 graduates and some of the little people had real essays. One of them gave an interesting paper on St. Mark's gospel. As a closing of the graduating exercises of this department, its members sang so as to move many to tears, "Jesus, Savior Pilot Me."

Miss Mabel Eubanks is superintendent of the Beginners, and while these tiny little fellows gave no program, their very presence was enough and next year they will be heard from.

Superintendent Lovin also awarded diplomas to other pupils of the higher grades, but none of these were examined as to their proficiency in the knowledge of the Bible.

As the concluding exercise of the Promotion Day, Miss Lorraine Scheer was awarded the single teacher training certificate of the year. A beautiful vocal duet of the occasion was sung by Miss Zana Lovin and Miss Willie Feist Price, entitled "Only a Smile," which taught that the heart and one's smile should be in accord. Miss Cleo Lovin, the pianist, played all the accompaniments.

## Gover Promoted to First Lieutenant

Lewis Gover, son of Mr. and Mrs. W. L. Gover, has been advanced from second to first lieutenant in the marine corps. This is promotion for Lieut. Gover, and a recognition in a hurry for a most capable young officer who graduated at the United States naval academy at Annapolis in June of last year.

## How They Stand in Diamond Ring Contest

The following is given as the standing of the various entries in the diamond ring contest put on by the street fair, the baseball club and the Albany Home Guards:

Helen Carter	1000
Eula Howard	2660
Lula Hardman	1000
Pansy Russell	500
Evelyn Blackwell	500
Allie May Baker	1110

## Good Weather For Week is Predicted

The delayed cotton crop of Morgan county will have at least one more week of good weather in which to mature, if the prediction of the U. S. weather bureau pans out.

For the South Atlantic and Gulf states the weekly forecast reads:

"Fair weather will prevail during the week, with lower temperature Sunday, followed by a return to the normal about Tuesday or Wednesday."

## Our Vision of God Will Tell America's Destiny

---GLASGOW

President of Athens College Heard Sunday at the Central Methodist Church in Eloquent Sermon

(By J. E. Blair.)

The reason, conscience and judgment of his large number of hearers was ably appealed to by President B. B. Glasgow, of Athens College, at the Central Methodist church yesterday morning, and also the good doctor too wise to omit them, appealed to the emotions of his hearers in most approved Methodist fashion, with the result that the morning service turned out to be an old-fashioned Methodist meeting.

A story in the first of his sermon where at a college graduation an old farmer couple forgot themselves as their son triumphantly completed his oration, the father saying out loud: "Well, Mary, I guess John was the best crop we ever raised, after all," gave a hint that the speaker knew that as go the emotions so goes the individual, despite the shallow ider of some so-called intellectuals to the contrary.

Henry W. Grady's love of the fundamentals in religion was the basis of the speaker's final appeal. The story was told of how Grady, after he became a great man, went to his old home one day and prevailed on his aged mother to treat her son for

a day just as she used to when he was little.

In a beautiful word picture the speaker showed the boyish activities of Mr. Grady on the day he was just a child and then he ended all with the scripture good night stories of the mother and the little prayer, "Now I lay me down to sleep," etc.

"Our vision of God," exclaimed the speaker as his last words, "is what will tell America's destiny; not our high raised battlements or our inventions in the air, or on the sea or on the land. It is our conception of God that is of first importance. Let us get back to the first principles."

Extracts From the Sermon.

"It is not how long you live, but how much you live. Methuselah at 969 had lived too long. His vacations were too long for him to accomplish anything. Future generations are expecting us to do our duty. My friends, we have only fairly begun to live when the hearse is at the door. Advanced knowledge can tell us when a storm is coming. It takes very little knowledge to know that a wave of crime is now sweeping our earth. In an autocracy all tends toward the elevation and development of one individual. An aristocracy educates just a few. In a democracy all are to be educated.

Religion in Home, School, State.

The pilgrim fathers had no liking for monarchy or aristocracy. They sent their children to school with a sense of God's presence upon their minds. And you know that in the early days of the republic we had mighty giants who radiated greatness from their personalities. All reforms are of spiritual origin. It should be held as a community sin to fail to teach a boy the Ten Commandments at 7 and then hang for a felony at 17. It is no more denominational to teach our children the Ten Commandments in our public schools than it is to teach them the multiplication table. Shame on the man who has the advantages of church, school and state

During the growing period of a child's foot you must realize that constant changing from one last to another does not give the foot a chance to continue a shapely development.

Buster Brown Shoes, made over shaping lasts, supply the children's needs from size to size with uniform comfort, while gradually shaping the foot toward maturity.

We have worked out a lasting system along lines orthopaedically correct, and the consistent wearing of Buster Brown Shoes will solve all the problems previously experienced in children's footwear.

Start now to fit the children with the line that will remain right from size to size during the child's growth.

**Buster Brown Footshaping Last Shoes**

For boys and girls of all ages. There is style variation in leathers—all of high quality.

ad will not utilize them. Now, with ing up in flame and smoke, we should our country at war, when it seems, have a return to the fundamentals of almost, that civilization itself is go-religion."

## Why We Now Handle the HUDSON SUPER-SIX

Some Reasons for our becoming the distributors for the largest selling fine car in the world

We have watched the Hudson Motor Car Company grow until today it occupies the front rank in the automobile world.

Last year when the Hudson Super-Six, with its exclusive patented motor, was announced we watched it closely. We wanted to see if it could do all the wonderful things claimed for it. We confess we were a bit skeptical. We could not believe that such a motor could be made.

Then when we saw the Super-Six go out and win EVERY worthwhile record for speed, reliability, endurance we were convinced that Hudson had something that no other automobile maker had or could get.

## Records Won by Hudson Super-Six

We read of the trans-continental record made by the Super-Six from San Francisco to New York and back in 10 days and 21 hours. No car ever equaled this one-way time. No other ever attempted the round trip.

We heard how the Hudson Super-Six traveled 1819 miles in 24 hours, breaking a record that stood for nine years.

We knew how a Super-Six had made the fastest time in the arduous Pike's Peak hill climb, establishing a new record for endurance against twenty competitors.

We talked to many who had bought Super-Sixes. They were all high in their praise.

Then we decided to get the Hudson representative if our organization and reputation could be made to interest the Hudson people.

## Hudson Franchise Not Easy to Get

We learned about the Hudson dealer organization and found that the Hudson franchise is not easy to get. Real merchandising ability is demanded. Hudson distributors are selected with care.

We found that Hudson dealers in all the important cities are leaders in their line. They have the finest showrooms—the best equipped service stations. They are the leading automobile merchants in their communities.

We are proud that we have obtained this franchise to sell the car that has in one year, through actual performance, won all worth-while tests.

The new Hudson Super-Six is now on our showroom floor. We want all prospective fine-car buyers to come in and see it.
